**QUESTION 23 Poor now**

Stress **genuinely** and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

**QUESTION 24 Poverty**

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

**QUESTION 25 Voting**

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress **National**, not local elections.

**QUESTION 26 Action on poverty**

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Failed wedding. Wife reluctant to be interviewed  
at first, I think on that account.
