WRITE IN ANSWER  
 That's hard one persons with one pay its difficult to determine poverty. Not because of income. You can go into a fancy looking house where there's no food or furniture but the money's coming in but its spent on pubs and on the booksies.

(c) Would you say that if people are in poverty its mainly

 get out and work here in a 100% welfare state and this is a question of whether its good or not. Give people back their initiative new taxed to the hilt and my brother in law for example has 12 children and he won't go out to work and you cant blame him because he cant earn as much as he can get when he is unemployed.

**QUESTION 23 Poor now**

Stress genuinely and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

**QUESTION 24 Poverty**

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

**QUESTION 25 Voting**

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress National, not local elections.

**QUESTION 26 Action on poverty**

We are interested in what the informant thinks can be done. Give as full an answer as possible.

**Please write in any additional notes.**
