26. If there is poverty what do you think can be done about it?

WRITE IN ANSWER  
We are over populated & our resources could have been saved by controlling immigration. Immigration should have been restricted years ago. Planning has been very poor after the hands of the planners tied too much resources to compensation whose development rejected. In many cases this is too high or other hand too low where compulsory purchase is involved. Wage increases which reduce the value of money would need to be carefully controlled, too many false
