QUESTION 23 Poor now

Stress genuinely and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

QUESTION 24 Poverty

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

QUESTION 25 Voting

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress National, not local elections.

Due to the fact that there  
are 4 unrelated males in  
this household. & the owner  
was tricky to say the least.  
The answers may be funny.  
He coded them all to give  
a wider picture. Also I wasn't  
sure about boundary ridges.  
They have a common  
housekeeping - no one is  
"house wife". any way I coded.  
Q30 page 23 to be on the safe  
side  
Although the owner filled up  
the separate income sheet, he  
gave answers to questions  
as I went through - so I  
put them in.
