QUESTION 23 Poor now

Stress genuinely and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

QUESTION 24 Poverty

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

QUESTION 25 Voting

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress **National**, not local elections.

QUESTION 26 Action on poverty

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Please write in any additional notes.

"I have never voted in my life. I did not believe in woman suffrage when it was introduced and I have not changed my mind since." 1/11/65

This lady is obviously poor but she doesn't realize it. It is one of the worst cases I have come across (only beaten by one case in Salford). However she is conditioned ^{her} environment and has accepted it. She only manages to exist by virtue of the fact that she hardly eats anything. She has excellent neighbours but she has a "death wish". She just wants to die because she has nothing to live for. It is pathetically true I am afraid. Words can't describe this case. I.S.M.C.
