**QUESTION 23 Poor now**

Stress genuinely and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

**QUESTION 24 Poverty**

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

**QUESTION 25 Voting**

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress **National**, not local elections.

**QUESTION 26 Action on poverty**

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Please write in any additional notes.

This family is finding it very difficult to do repairs to their home. He needs some big repair job done on his roof. He said he will have to withdraw his savings to pay for it. Then he worries about any future repairs as he will have used up his savings by then. Also he feels frustrated as he used to be able to do all these jobs himself. He said it's impossible for them to cut down on any thing. This car he considers a necessity as he would be unable to walk far and his wife can not use public transport owing to nerves. I did try to persuade her to see her Doctor as I think she could be helped. I suggested that they contact the Welfare Office at Heath to see if they could have any additional help.
