(b) What would you describe as poverty?

WRITE IN ANSWER

Anyone that has children & not being able to feed & clothe them. When the people are lazy, it's not for them to do & they won't do it. If someone was in real bad health their bills would accumulate & that's not their fault they can't help being ill.

(c) Would you say that if people are in poverty it's mainly

X - their own fault?
Y - the Government's fault?
0 - the fault of their education?
1 - the fault of industry not providing the right jobs?
2 - anything else? (SPECIFY)

3 - a combination of (some of) these?
4 - none of those?

WRITE IN ANSWER

Doesn't think the Govt. giving lots of money to big families helps - that's should be stopped. Thinks there should be somewhere for all people to keep their children while they are ill. But if it's because of business they shouldn't be allowed to get all this money they get.

QUESTION 23 Poor now

Stress genuinely and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

QUESTION 24 Poverty

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

QUESTION 25 Voting

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress National, not local elections.

QUESTION 26 Action on poverty

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Please write in any additional notes.
