

QUESTION 23 Poor now

Stress genuinely and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

QUESTION 24 Poverty

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

QUESTION 25 Voting

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress National, not local elections.

QUESTION 26 Action on poverty

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Please write in any additional notes.

~~As mentioned~~ as
 I am afraid you will see that I had great difficulty with the interview. It took 1 1/2 hrs for me to extract the little information I have here from Inft., who is elderly and very difficult to talk with - she seemed unable to concentrate unless forced to! She answered some questions for all informants, but as we were both exhausted by the time I had arrived at Health and Treability - I decided to do the rest of the interview with her daughter whom I thought would answer more concisely and more truthfully. Unfortunately, her daughter refused to answer any questions and I was not allowed to interview 3rd informant as they said that he was 'sick' and unable to answer. I think he is mentally unfit - he has not worked for 26 yrs. I am sorry for not being able to complete the interview - it was a pretty incredible household. I did manage to get her total means on P. 23 - before being told a final farewell! I could not even persuade 2nd to do the final ~~four~~ sections - she was, I think unwittingly, that I had even ^{39a} extracted something from Inft.
