QUESTION 23   Poor now

Stress **genuinely** and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling " poor ". If the word " poor " seems inappropriate use the alternative " very hard up ".

QUESTION 24   Poverty

Stress the word " poverty ". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

QUESTION 25   Voting

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress **National,** not local elections.

QUESTION 26   Action on poverty

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Please write in any additional notes.

The two older boys get 10/- per week pocket money. Neither of them works - I checked this twice to make sure. ✓

I found this 'steel Erector in Constructive ENG. (P.9) has had no training P.9 9 12 or on P.10. any apprenticeship for his job !! He likes it because there is lots of available work. In view of recent flats 'collapsing' ~~cause~~ I thought this worth recording.

Go into every poverty stricken
persons case carefully - making
sure that the really needy
people - sick people who cannot
work - for example - are given enough
money to live a decent life.
And to give nothing to those who
are perfectly capable of working.
