QUESTION 23 Poor now

Stress **genuinely** and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling " poor ". If the word " poor " seems inappropriate use the alternative " very hard up ".

QUESTION 24 Poverty

Stress the word " poverty ". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

QUESTION 25 Voting

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress **National,** not local elections.

QUESTION 26 Action on poverty

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Please write in any additional notes.

I had excellent co-operation in this household. They looked at documents + accounts / papers in every case when they were available in the house.

WRITE IN ANSWER

The available money should be channelled to those in need & not handed out to every

Tom Dick & Harry (P). That would give far more money available for those really needing it.

Clothing or clothing vouchers might be given instead of money in some cases - so that it would not go on drink & bingo
